

April 2014... Planning For Summer!

Summer is a time for family, fun, and relaxation. It is also a great time to get a jump start on those communication and learning skills to build a stronger foundation for the upcoming school

year. Away from the demands of school, summer is a perfect opportunity to reinforce previously learned skills and build new skills! Our clinicians provide an experience that is positive, enriching, and effective in a relaxed, caring environment. Our motto is "Lets learn new skills and have fun, too!"

Many families employ more intense therapy over the summer to accelerate progress. If you have any questions about a plan for your child for the summer, please do not hesitate to call me.

Renee H. Matlock, MA, CCC-SLP
Speech-Language Pathologist
Executive Director

Fast ForWord Family of Programs

Based on over 30 years of scientific research on how the brain learns, Fast ForWord is designed to help students develop and strengthen the skills necessary for academic success. [Learn more](#)

Wilson Reading Program

The Wilson Reading Program is an Orton-Gillingham based curriculum for teaching decoding and encoding. The program is organized around the six syllable types found in the English [language](#).

Social Thinking Groups

Based on the work of Michelle Garcia Winner, our groups teach a range of skills from perspective taking to interpreting and responding to the nuances of verbal and non-verbal communication. Students learn ways to more easily "fit in" and establish and maintain [friendships](#).

Handwriting Without Tears

The [Handwriting Without Tears](#) printing and cursive programs draw from years of innovation and research to provide developmentally appropriate, multisensory tools and strategies.

Cogmed Working Memory Training

[Cogmed Working Memory Training](#) is a home-based program that helps students with attention problems by training and increasing their working memory capacity.

**"Oh, I didn't know you did that!"
is a phrase we often hear.**
