

Summer is a time for family, fun, and relaxation. It is also a great time to get a jump start on those communication and learning skills to build a stronger foundation for the upcoming school year. Education experts agree that school summer breaks cause the average student to lose one month of instruction, referred to as "summer slide" or "brain drain". On vacation from the demands of school, summer is a perfect opportunity to reinforce previously learned skills and build new skills!

We offer innovative, fun-filled programs that improve your child's ability to speak, listen, read, write and connect with their peers. Let Speech Plus tailor a summer program specific to your child's needs.

"Warm" regards,

Renee H. Matlock, MA, CCC-SLP
Speech-Language Pathologist
Executive Director
